The Contractor shall establish a program that will ensure nondiscrimination in the award and administration of contracts and subcontracts.

The Contractor shall designate a full time employee who shall be responsible for the administration of the contractor's DBE program. The Contractor shall prohibit agreements in which a DBE promises not to provide subcontracting quotations to other bidders.

Subcontract Payment Reporting in the DBE system: The Arizona Department of Transportation (the Department) is required to collect data on DBE and non-DBE participation, including lower tier subcontracts, to report to FAA, FTA and FHWA on Federal-aid projects. The Contractor is notified that such record keeping is required by the Department for tracking DBE participation on both race neutral and race conscious projects (i.e. projects with and without DBE goals).

The Contractor shall respond to Subrecipient payment audits reported each month electronically through the Department's web-based payment tracking system (<https://adot.dbesystem.com>), reporting its payments to all DBEs and non-DBE subcontractors working on every federally funded project. In addition, the contractor shall require that all DBE and non-DBE subcontractors, shall also respond to its audits and report lower-tier subcontractor payments in the same manner.

If, by the DBE system audit deadline, the Contractor has not submitted the required report for work performed during the preceding month, or the submitted report failed to include all amounts earned by and paid to all DBEs and non-DBEs, including all lower-tier DBE and non-DBE subcontractors, the contract issuer will work with the ADOT MPD Contracts Program Manager to determine if sanctions should be assessed. These liquidated damages shall be in addition to all other reductions or liquidated damages provided for elsewhere in the contract.

The Contractor shall include these provisions in all of its subcontracts, and ensure that its subcontractors include these provisions in any lower-tier subcontracts.

Excluded Parties: The federal funding in this Agreement is considered a covered transaction under 2 CFR 1200.220 for purposes of debarment and suspension considerations. Thus agreements for contractors/consultants and their sub-contractors/consultants are subject to this requirement. The Contractor and its Sub-contractors are prohibited from making any award or permitting any award at

any tier to any party which has not established and maintained its entity registration on the federal System for Award Management or one that is debarred or suspended or otherwise excluded from or ineligible for participation in federal assistance programs pursuant to 2 CFR 200.212. The Contractor agrees to comply, and assures the compliance of each third-party contractor at any tier, with Executive Orders Nos. 12549 and 12689, "Debarment and Suspension," 31 U.S.C. § 6101 note, and U.S. DOT regulations, "Government-wide Debarment and Suspension Non-procurement)," and 2 CFR 200.212. The Contractor agrees to and assures that its third party contractors will review the Excluded Parties Listing System and assure that its sub-contractors establish and maintain entity registration on the System for Award Management before entering into any contracts.

Conflict of Interest: The Contractor and their sub-contractors shall not enter into any contract, subcontract, or arrangement in connection with the project, in which a member, officer, or employee, during tenure or for one year thereafter has any interest, direct or indirect. If any such present or former member, officer, or employee involuntarily acquired or had acquired prior to the beginning of his or her tenure any such interest, and if such interest is immediately disclosed to the Issuer of the Contract, who must further report this to its funding agency, and may waive the prohibition contained in this paragraph, provided, that any such present member, officer, or employee shall not participate in any action by the Contractor or the locality relating to such contract, subcontract, or arrangement. The Contractor must disclose any such interest to the Issuer within five business days of receipt of disclosure.

The contractor shall insert in all contracts entered into in connection with the project, and shall require its contractors to insert in each of their subcontracts, the following provision:

"No member, officer, or employee of the firm either during tenure or for one year thereafter shall have any interests, direct or indirect, in this contract or the proceeds thereof."

Pursuant to 2 CFR 1201.112, the Contractor shall disclose in writing any potential conflict of interest to the Issuer; this requirement is passed to the Contractor's sub-contractors. The issuer shall inform the funding agency who shall inform the Federal awarding agency in accordance with applicable Federal awarding agency policy.

Indemnification: The Contractor shall cause its contractor(s) and subcontractors, if any, to indemnify, defend, save and hold harmless the State of Arizona, any jurisdiction or agency issuing any permits for any work arising out of this Agreement, and their respective directors, officers, officials, agents, and employees (hereinafter referred to as "Indemnatee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of the Contractor's contractor or any of the directors, officers, agents, or employees or subcontractors of such contractor. This indemnity includes any claim or amount arising out of or recovered under the Workers' Compensation Law or arising out of the failure of such contractor to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. It is the specific intention of the parties that the Indemnatee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnatee, be indemnified by such contractor from and against any and all claims. It is agreed that such contractor will be responsible for primary loss investigation, defense and judgment costs where this indemnification is applicable.

Copyright: Pursuant to 23 CFR 420.121 (b), the State and their subrecipients may copyright any books, publications, or other copyrightable materials developed in the course of a Federal Highway Administration (FHWA) funded project. FHWA reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for Government purposes.

Energy Conservation: The Contractor is required to comply with mandatory standards and policies, as applicable relating to energy efficiency which are contained in the State Energy Conservation Plan issued by the State of Arizona in compliance with the Energy Policy and Conservation Act (P.L. 94-163).

Drug Free Workplace: The Contractor agrees to comply with the laws governing a drug and alcohol-free workplace in compliance with the Federal Drug-Free Workplace Act of 1988 and 23 CFR 630.112(c)(3) when and where relevant.

FTA Funding; Certifications and Assurances: In the event there is FTA funding for work under this Contract, on an annual basis, the Contractor must agree to comply with all categories of the FTA Certifications and Assurances applicable to the Contract. The FTA Certifications and Assurances will be provided to the Contractor under separate packet as they are released by FTA. Continuation of this Agreement shall be contingent on completion and submission of that packet within the deadline expressed at time of distribution. The FTA Certifications and Assurances, as modified and accepted each year shall be considered incorporated into this Agreement by reference.

The Parties understand and agree that not every provision of the Certifications and Assurances will apply to every Project. The type of Project will determine which Certifications and Assurances apply.

The Contractor also understands and agrees that these Certifications and Assurances are pre-award requirements, generally required by Federal law or regulation, and do not include all Federal requirements that may apply.

The Contractor is ultimately responsible for compliance with the Certifications and Assurances that apply to itself or its Project, even if a Sub-contractor or other Third Party Participant may be involved in your Project, except as FTA determines otherwise in writing. For this reason, we require the Contractor to take the appropriate measures, including, but not limited to, obtaining sufficient documentation from each Sub-contractor and other Third Party Participant to assure the validity of applicable Certifications and Assurances.

Completion and Signing of an FTA Certification and Assurances document is a requirement and a condition to receive FTA funding for any project and does not relieve the contractor of any obligation of other certifications or assurances required in any contracting process, and should be treated as an addition to such certifications and assurances.

FTA Certification and Assurances are incorporated herein by reference. They may be obtained at <https://www.transit.dot.gov/funding/grantee-resources/certifications-and-assurances/certifications-assurances>.

Incorporation of Federal Provisions: All contractual provisions required by the U.S. Department of Transportation are hereby incorporated by reference. All applicable clauses shown in the FTA Master Agreement between the State and FTA apply to each

A breach of the above-mentioned warranty by any Party or its subcontractors shall be deemed a material breach of the Agreement and may result in the termination of the Agreement by the non-breaching Parties. Each Party retains the legal right to randomly inspect the papers and records of the other Parties' or its subcontractors' employees who work on the Agreement to ensure that the Parties or its subcontractors are complying with the above-mentioned warranty.

Americans with Disabilities Act: The Contractor assures that it will comply with applicable provisions of the Americans with Disabilities Act (ADA), (Public Law No. 101-336, 42 U.S.C. 12101-12213) and all applicable federal regulations under the Act including 28 CFR parts 35-36, and applicable provisions of 49 CFR Parts 27, 37 and 38: Transportation for Individuals with Disabilities; Final Rule. The Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Contractor agrees to include the requirements of this section in all subcontracts that may involve international air transportation.
